

Hi,

I've put together a list of online Christian content for all ages to access at home, either individually or together as a family. There are a few speakers, Apps and Games, Bible stories for little ones and a list of popular worship Groups that you may recognise. I've separated them into age groups but these are rough guidelines, please be led by your child and their abilities!!

At the top there are a few internet safety Apps you can download or access so you can rest knowing your children will be safe online!!

I really hope that during this time these will help you feel connected with God and still able to Praise Him and hear His word!!

Enjoy!

Kirsty

## Internet Safety

- Parent control-screen time and location app
- Google family Link (pop that into google and follow instructions given)
- [www.focusonthefamily.com](http://www.focusonthefamily.com) (search-internet safety) have great tips for how to keep your children safe online as well as lots of other resources!!
